## MANY BELIEVED BURIED IN DEBRIS

Mammoth Cranes And Hundreds of  
Men With Picks And Shovels  
Search for Missing Men

### AFTERMATH OF EXPLOSION

Pekin, Ill., Police Chief Says That  
His Count of Recovered Dead  
Totals Eight

(By United Press)

Pekin, Jan. 4—Mammoth cranes and hundreds of men with picks, crow bars and shovels, hunched and strained today at the ice-sheathed ruins of the dry starch plant of the Corn Products company here in the belief that many men reported missing in yesterday's explosion are buried in the debris.

Police chief McGuire early today said that his count of the recovered dead totals eight. This figure is unofficial.

The missing number 20, company officials estimated.

Through the eight feet wire fence that encloses the plant, scores of relatives of the missing maintained an all night vigil. The cold was intense, but the grief-stricken watchers appeared to be indifferent to suffering.

Superintendent H. E. Lawton took issue with the police list on the dead and declared that only two bodies had been taken from the ruins.

Lawton fears that all the missing are entombed under the wreckage.

Lawton directed a checkup of the 250 men who were in the plant when the dry explosion occurred and said that 27 men were missing.

The two bodies recovered from the ruins were those of Lee Harding, 45, foreman and John Hooper, worker, Lawton announced. James Holton, another employee, died in a hospital.

Thirty one injured are in Pekin hospitals, a dozen are in hospitals at Beora, 10 miles distant and still others are scattered in homes.

The fire which swept the plant following the explosion did not subside until late last night. Hundreds of tons of water had been thrown on the ruins with the result that the debris, scattered over a half block, are sheeted with huge masses of ice.

Three investigations were started today. The company is making one, local authorities are pushing another and the state fire marshal is making a third.

Lawton said that the explosion mystified him. The plant where it occurred was of steel and concrete and embodied every possible precaution against danger from dust explosions.

## FILM SHOWING THE NORMAN GIRL BARRED

Memphis, Tenn., Acts Following Hol-  
lywood Scandal, Which Involves  
Third Woman

### MISS NOMAND'S COMPANION

Memphis, Tenn., Jan. 4—Films showing Mabel Normand will be barred from Memphis theatre by the municipal board of censors, John M. Dean, chairman, announced today. Dean said the action would be taken at the next meeting of the board because of Miss Normand's connection with Hollywood's latest scandal.

Edna Purviance, also involved in the scandal, may be given the benefit of the doubt, Dean said. The board will wait until all evidence is in before passing judgment, he said.

Los Angeles, Jan. 4—Confession of Horace A. Greer, chauffeur who shot Cortland S. Dines, today involved another woman in the mystery surrounding the assault which took place while the Denver oil man was entertaining Edna Purviance and Mabel Normand, Greer's employer.

Detectives interrogated Mrs. Edna Burns, companion of Miss Nomand, following Greer's statement that as he was leaving for Dines apartment, Mrs. Burns saw him take the revolver with which the shooting was done and admonished him to "be careful".

## New Field For Feminine Sex Is Discovered

Thelma Johnson, Pretty 20-Year-Old  
Clinton, Ind., Girl Finds Traveling  
Companion to Bootleggers Is Profit-  
able Occupation.

(By United Press)

Indianapolis, Ind., Jan. 4—Thelma Johnson, pretty 20 year old girl from Clinton, Ind., has found a new and profitable field of endeavor for the feminine sex, federal prohibition agents declared today.

The occupation is that of traveling companion to bootleggers.

According to Bert Morgan, federal prohibition commissioner, the girl received a salary of \$30 a week for riding with rum runners in order to give the booze car the appearance of carrying nothing but a happy family party.

She was arrested here last night when her male escort abandoned a car laden with 105 gallons of grain alcohol and fled when deputy sheriffs ran the car down.

She told police she was Thelma Patterson of Terre Haute, and that the driver of the rum car had picked her up when her car broke down on the road.

## FAVOR DISTRIBUTING STATION IN COUNTRY

Farmers Of Richland Township Ex-  
press Approval of Plan Used in  
Other Counties

### TO BUY ALL KINDS MILL FEED

The farmers of Richland township met at Neff's Corner school house Thursday evening to decide whether they were in favor of and would patronize a distributing station in Rush county for the handling of all kinds of mill feed, including tankage, fertilizer and salt, these to be purchased in car load lots and sold in as small amounts as would be convenient to haul home.

This system was explained by Harold Beale, who has just arrived home from Columbus, Ind., where he was sent to inspect a distribution station, that has made a wonderful success. He was also at Richmond, Ind., Monday where there is also a station. This station is handled in a little different way from the Columbus station, but both are in a pleasing success.

There was about fifty farmers present and when a standing vote was taken as to how many were in favor of and would patronize the system, everyone stood in favor of the plan. Several that could not come sent word by phone that they were for it.

Orders were also taken for a car load of Eastern Kentucky coal. Anyone wanting in on this order is requested to call Fred Pike, president of the Farmer's federation.

## MERCURY HITS NEW LOW LEVEL THURSDAY NIGHT

Descends to Two Above Zero About  
Midnight And Starts Back up  
The Tube Early Today

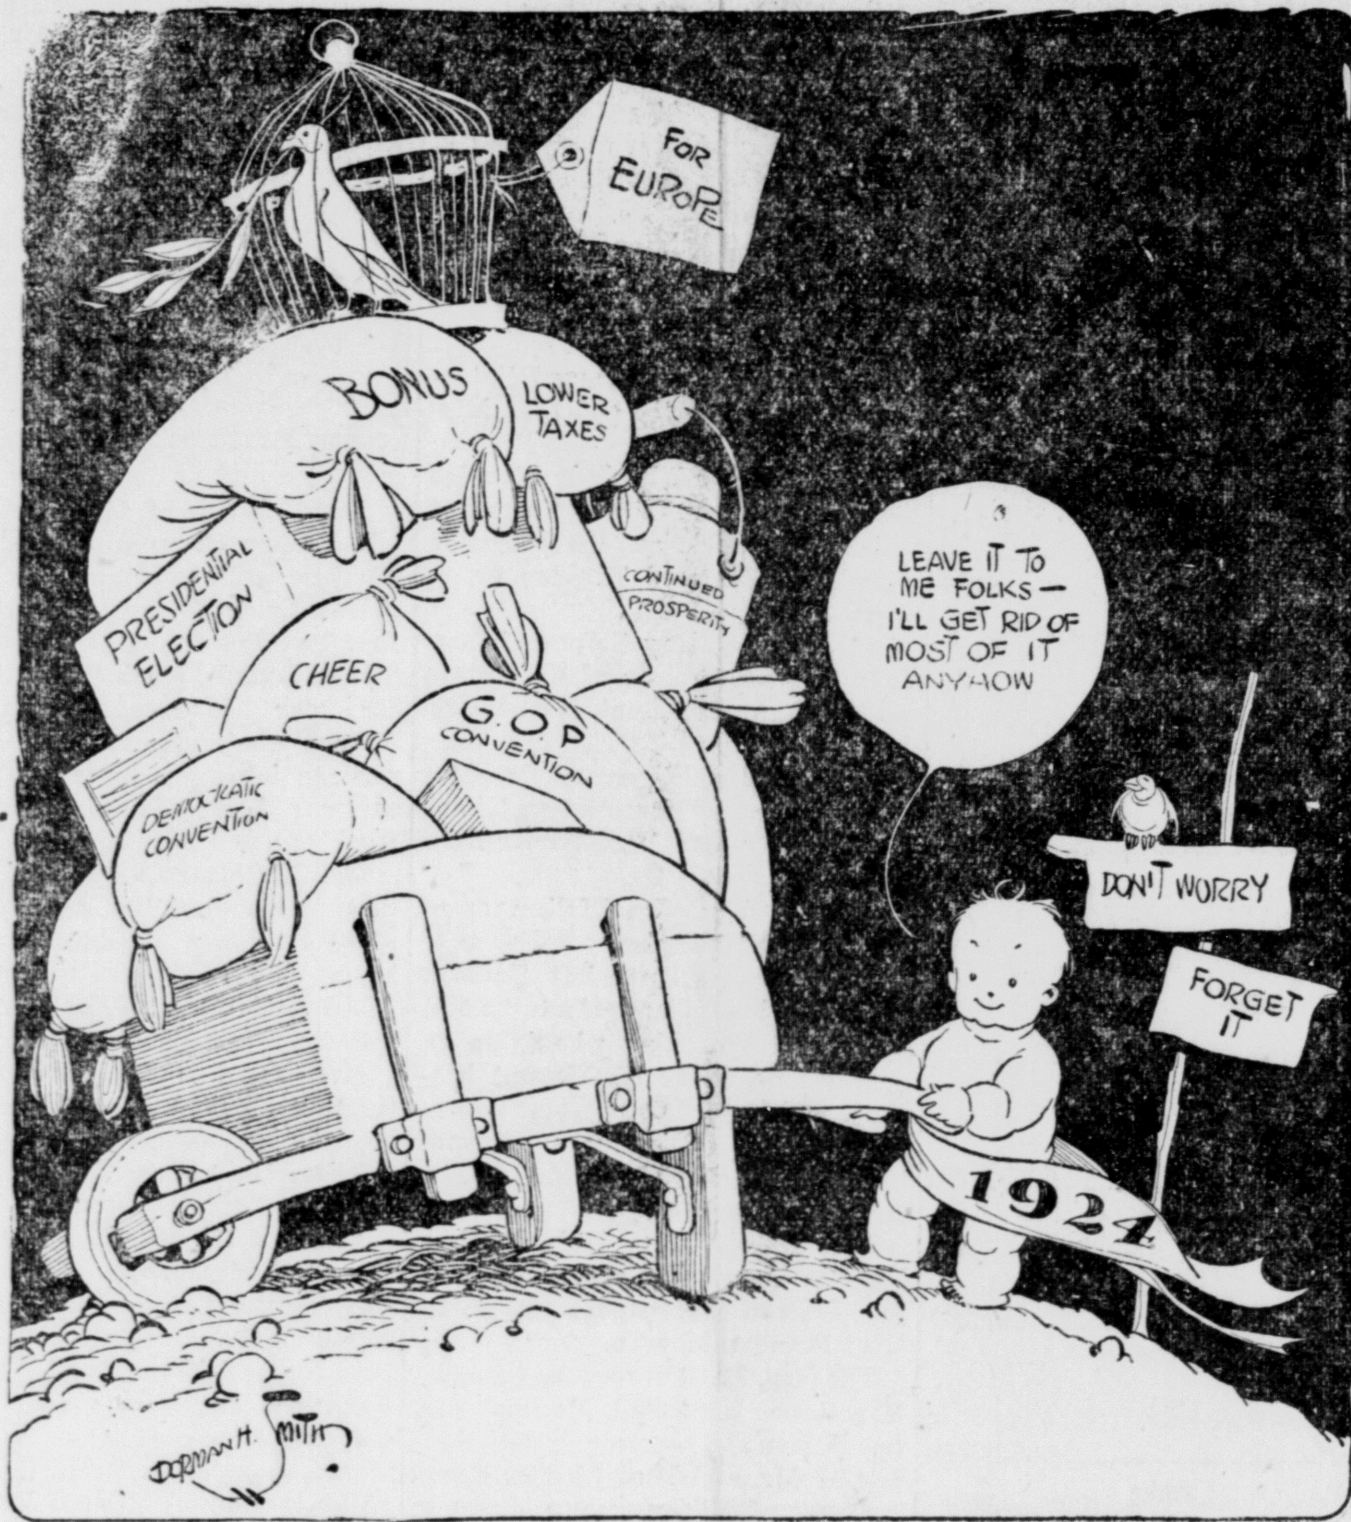

### COLD WEATHER TO CONTINUE

The mercury hit a new low level last night, when the coldest night for this winter was reached, with the thermometer in charge of Elwood Kirkwood at Maury, showing two degrees above zero during the night.

The mercury began to decline yesterday afternoon and the coldest was thought to have been reached from midnight until two o'clock this morning. After that time, however, the mercury began to go back up the tube, and 15 degrees was reached at eight o'clock, and this afternoon it was in the vicinity of 25 degrees.

The weather prediction for the next twenty-four hours, asserts that fair weather will prevail tonight and Saturday, probably preceded with light snow. The temperature will be somewhat colder again tonight, with the lowest in this locality expected to be between 10 and 15 degrees. The continued cold will prevail over the week end, the report says.

## KEEP A STIFF UPPER LIP

## Table Shows Indebtedness of Townships For Building Roads

Interesting Compilation by County  
Auditor Discloses Amount of  
Bonds and Interest to be Paid Off  
Each Year.

Phil Wilk, county auditor, has compiled a table showing the indebtedness of every township in the county for the construction of free gravel roads. The table should be of interest to every taxpayer, since the construction of new roads has taken a large percent of the taxes that have been raised during the last several years.

The table shows the bonds and interest from this year until the final payments are made; the decrease each year being brought about by so many bonds falling due each year and being paid off.

It will be noted that the decrease in some townships in certain years is greater than in others. This is accounted for by the fact that townships with large decreases in the amount to be raised by taxation for this purpose, happen to pay off the last bonds on more than one issue all at the same time.

It should be taken into account that this is the status of the gravel road bond redemption and interest fund for the beginning of this year. It may be different in any or all of the townships next year, because, before the first of next year, some new roads might be ordered, the bonds issued and levy made for meeting the first bonds to fall due next year.

The compilation is as follows and

## ALL DAY SHOOT TO BE HELD

Sport Once Popular Here Will be  
Revived Next Wednesday

Clay pigeon shoots, which were popular here before the war will be revived with an all-day shoot on the Harrie Jones farm at the southern edge of Rushville, in Circleville, next Wednesday, according to announcement by local sportsmen today.

A practice shoot was held Thursday and try out the automatic trap that has been installed and everything is in readiness for the day of sport. Lunch will be served on the grounds.

Shoots were common at the Rushville Gun Club grounds, northeast of the city, not many years ago, but they lost favor during the war on account of the high price of shells. With the decline in prices, it is predicted that they will become popular again.

## Searching Questions to Be Submitted by Pastor

At the Sunday evening service at the Princess Theatre Rev. L. E. Brown will submit the following questions on cards to be given to every person present for them to give their honest and conscientious answer:

1—If not a member of the church what are your reasons for not joining some church?

2—What in your judgment is the matter with the church that more people do not regularly attend its services?

3—What is your criticism of preachers and preaching?

"You will not be asked to sign your name to these cards," the announcement by the Rev. Mr. Brown said. "So come, and give your opinion on these important questions."

## LOW TEMPERATURES STOP OHIO FLOODS

Waters Still Rising Today, However,  
at Rate of From One to Two-  
Tenths of a Foot

### NOT FAR FROM DANGER LINE

Martine Ferry, O., Jan. 4—Freezing temperatures have prevented what otherwise would have been another Ohio river flood disaster, river men said here today.

The stream at this point stood at 37 feet and observers said it probably would reach 40 feet by Saturday night.

No material damage will result from this height, however, although basements in the low lying may be filled with water.

Waters of the Ohio were still rising today at the rate of from one to two tenths of a foot an hour.

Reports reaching here from points down the river as far as Cincinnati said thousands of persons living in small river towns were preparing to move to higher ground.

Basements in the wholesale district of Huntington, Wa., were flooded as the river went out of its banks near Third street.

Merchants were removing stocks out of danger.

Portsmouth reported 47 feet. River men there set the danger line at 53 feet.

State Highway Commission Faces  
Financial Embarrassment Due to  
Auto Fee Decision

### ED JACKSON TO KEEP MONEY

Secretary of State Says He Will Not  
Turn Over Funds Collected From  
Sale of Plants

(By United Press)

Indianapolis, Ind., Jan. 4—The state highway department today faced the prospect of serious financial embarrassment and curtailment of its road building program because of the legal tangle growing out of the decision by Judge Carr in superior court at South Bend that the state automobile license law is unconstitutional.

Ed Jackson, secretary of state, declared he will not turn the money collected from the sale of auto licenses over to the highway commission until the case has been carried to the supreme court and that tribunal has rendered its decision.

This action, Jackson said, will protect him in case the law is declared invalid. He will then have the money available to turn back to the auto owners.

Jackson also asked Attorney General Lesh to render an opinion as to whether autoists who do not pay under protest will be entitled to a refund in the event the law is knocked out.

He is advising all applicants for

## RELEASED ON \$1,000 BOND

Otis Ryan And Bert Hankins Ar-  
raigned In Circuit Court

Otis Ryan and Bert Hankins, two young men of this city were arrested this afternoon by Sheriff Hunt, and arraigned in the circuit court on a charge of encouraging delinquency, and each pleaded not guilty, and was released on \$1,000 bonds. Their trial has been set for February 7.

The two men, it will be recalled, were arrested a couple of weeks ago on a preliminary charge in Justice Stech's court, and this charge has been withdrawn, and the new charge placed against them in the higher court. The prosecuting witnesses in the case are three girls, all under the age of 16.

## TO RETURN RUNAWAY COUPLE

Officers Leave For Florida to Get  
Former Indiana Man And Girl

Indianapolis, Ind., Jan. 4—A state policeman and a deputy sheriff of Johnson county started for Indiana, Florida today to return Loren Sweigart, formerly of Newcastle, wanted on bigamy charges, and Marjory Lane of Franklin, who accompanied him on his flight to the south.

Using the name of Robert Johnson Sweigart married the girl in Columbus in November. A few days later the couple disappeared with an automobile belonging to the girl's father.

Search revealed that the bridegroom had a wife and child in Indianapolis. The girl will be returned to her parents.

## WIFE OF J. S. MILLER DIES THIS MORNING

Native of Walker Township Expires  
At Age of 74 After Illness of  
Ten Days

### LIVED IN RUSHVILLE 15 YEARS

Mrs. Mahala Miller, wife of John S. Miller, died this morning about one o'clock at the family home, 327 North Morgan street, death resulting from a ten days illness of complications, advanced by spinal meningitis.

The deceased was a native of this county, and was 74 years old. She was reared and spent most of her life in Walker township, coming to this city 15 years ago, where she and her husband had since resided.

Three children, together with the husband, are among the survivors who are Mrs. Ella Dearing and Lorie H. Miller, both of Walker township, and Elmer J. Miller of Indianapolis. A sister, Mrs. Sam Webster of this city, and two brothers, Bert Ormes of this city, and Roy Ormes of this county, are among the survivors.

Services for the deceased will be held at the Baptist church in Homer, Saturday afternoon at two o'clock, in charge of the Rev. Mr. McMullen, and burial will be made in the Hurst cemetery.

## SEALS FUND ALMOST EQUALS THAT OF 1922

Remaining Three Townships to Re-  
port Expected to Put Total Above  
The Last One

### RIPLEY TOWNSHIP REPORTS

Ripley township, the ninth in the county to report on the Christmas Seals and Health Bond campaign, fell just \$3.52 short of last year's receipts, with a contribution of \$32.93 reported today by Mrs. Ella J. Coffin the township chairman.

The total of \$1,775.01 so far raised on the 1923 campaign is only \$25 short of last year, and there is every reason to believe that the three townships that have not reported will more than make up this deficiency.

The additional amount of \$7.11 from the two Rushville school buildings makes a total of \$1,491.43 collected in this city and townships.

Today's report is as follows:

### INJURIES PROVE FATAL

Greencastle, Ind., Jan. 4—Amputation of the left leg at the hip failed to save the life of Ross O'Rear, 41, who was injured at the Midwest quarries plant, near here. O'Rear fell beneath a car and was dragged along on the frozen ground. His left leg was pulled off at the knee. He is survived by two children.

## PRIMARY WILL NOT END FIGHT

Democrats Prepare For Convention  
Battle in Nominating a Candidate  
For Governor

### PARTY WORKERS IN MEETING

Four Candidates Actively in Race  
And Three Others are Regarded  
as Possibilities

(By United Press)

Indianapolis, Ind., Jan. 4—With all ideas of nominating a candidate for governor in the coming primary abandoned, Democrats were preparing today for a convention fight.

Hundreds of party workers gathered for the pre-campaign meeting.

Four candidates are definitely in the field. They are:

Dr. Carlton B. McCulloch, Indianapolis.

State Senator Joseph M. Cravens, Madison.

Dale J. Crittenden, Anderson.

Senate Senator Charles Batt, Terre Haute.

Possibilities who admitted they are considering making the race are:

Walter Myers, Indianapolis.

Henry A. Barnhart, Rochester.

George A. Bittler, Evansville.

The Democratic state convention

will be held in Tomlinson Hall, Indianapolis, June 4 and 5, the state committee determined today.

Candidates for other state officers were numerous. Senator Harvey Harmon of Princeton entered the race for attorney general and Arthur Hamrick of Clayton announced his candidacy for secretary of state.

The committee was to meet this morning to fix the convention date, and the public meeting was scheduled for this afternoon.

Thomas Taggart, Thomas R. Marshall and other leaders were to address the meeting.

Among prospective candidates for governor who have not yet made an avowal of their intentions are Edmund G. Hoffman, Fort Wayne; Joseph E. Ihach, Hammond; Mason Niblack, Vincennes; Walter Myers, Indianapolis; and Mayor Gargan, of Lafayette.

## 99-CENT STORE IS SOLD TO LOCAL MEN

Bert Mullin And Henry Rugenstein  
Buy Old Established Business And  
Will Take Possession Soon

### INVOICING TO START MONDAY

The Ninety-Nine Cent Store has been sold by Roy H. Jones to Bert Mullin, former Rushville druggist, and Henry Rugenstein, who has been in the store for seven years, and the business will be conducted along the same general lines as in the past, according to an announcement made by the new owners today.

Invoicing of the stock will begin next Monday and Mr. Mullin and Mr. Rugenstein will take possession as soon as it is completed.

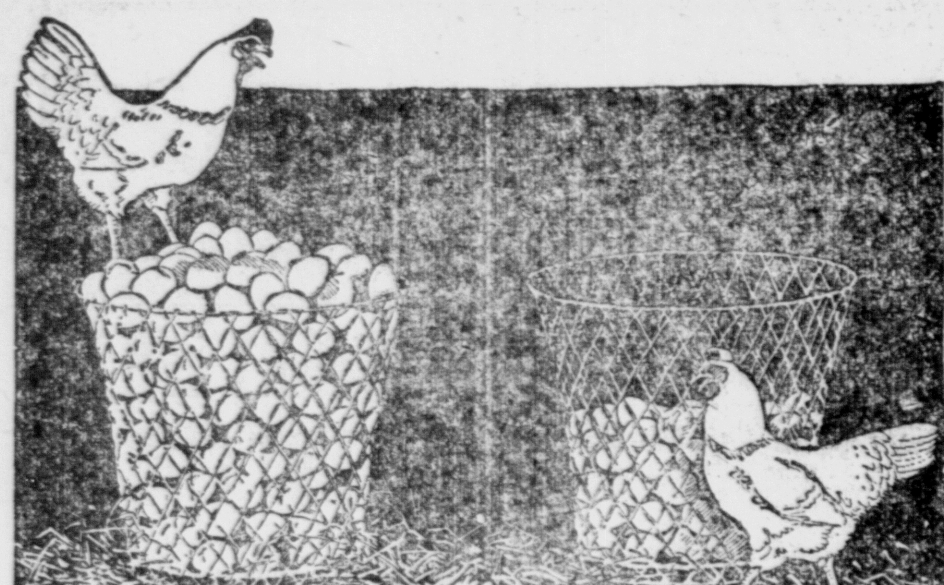

Mr. Mullin retired from the drug business six months ago, after having been engaged in that work twenty-eight years and having been prominently identified with the business life of Rushville. Mr. Rugenstein has been at the Ninety-Nine Cent store for the past seven years. Previous to that time he managed a store for Mr. Jones at Bloomington and traveled for several years as a chinaware salesman.

The Ninety-Nine Cent store was started by C. F. Felton here many years ago in the room now occupied by Homer Havens and Son's grocery store and was later moved to its present location. Mr. Felton sold out to Will Addison, who in turn sold the stock to Mr. Jones about 22 years ago.

## Former Rushville Girl To Become an Aviatix

Mrs. Madeline Rosencrans has received word from Miss Florence Staffon, of Los Angeles, California, that she has been made the present of an aeroplane, and will take up the profession of an aviatix. Miss Staffon is well known in this city having formerly lived here.

### "Purina" Made the Difference!

EQUAL in laying ability. But the hen on the right was fed a common grain ration while the one on the left was fed Purina Chicken Chowder and Purina Hen Chow. Grains have lots of material for yolks, but far too little for whites. As they can't lay yolks only, grain-fed hens lay fewer eggs.

#### Purina Poultry Chows

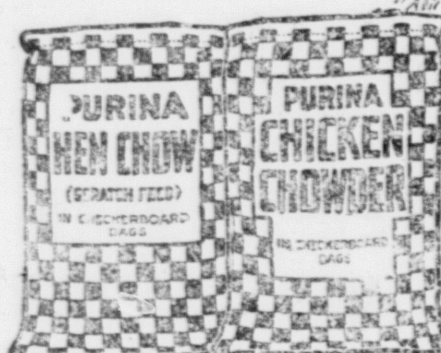

form a complete ration, containing material for an equal number of whites and yolks. They get the most out of your hens, and cut the feeding cost per dozen eggs.

#### More Eggs Guaranteed

You get your money back if Purina Chicken Chowder and Purina Hen Chow, fed as directed, don't produce more eggs than any other ration. Why should you put off a trial when we take the risk?

**Physical Health means Beauty!**

HEALTH and beauty go hand in hand. Where the system is run down—the face drawn and haggard—the body limp and lifeless—beauty is missing. Looks of pity supplant those that might have been gazes of admiration.

Restore your health and beauty will take care of herself. S. S. S.—the rich blood builder—rekindles the spark of health and lights the blaze of beauty by building red blood cells. The nerve power of your system finds life in these very blood cells. Build more red blood cells and your nerve power will increase. S. S. S. builds them. Rich blood will tingle through your system. That lost charm will return. Your entire system will be repaired. You will be ready to cope with the impurities and blemishes that handicap beauty.

As physical health means beauty so, too, does S. S. S. mean beauty. For S. S. S. means systems that are free from impurities—pimples, blackheads, acne, boils, eczema, rheumatism.

S. S. S. and good health go hand in hand.

S. S. S. is made of pure vegetable ingredients. It is sold at all good drug stores. The large size bottle is more economical.

Keep working. The next examination will be held Wednesday evening January 16 for either Tenderfoot or Second Class Scout ranking.

National Boy Scout Anniversary Week comes with the week of February 10 and covers a period of eight days. The scout leaders are arranging a splendid program with something doing on every day. Watch for this program. It will be published in this column soon.

### IN THICK OF FIGHT IN OHIO

Senator Johnson Prepares to Wage Fight for The Nomination

Cleveland, Ohio, Jan. 4—Senator Hiram Johnson, opponent of President Coolidge for the republican presidential nomination was busy with conferences today following the firing of his opening campaign gun at a public meeting here last night.

Johnson will fight Coolidge in every precinct in Ohio and to this end is campaigning the state.

Friends of the senator conferred with him regarding a campaign manager for the state. Johnson plans to carry his fight to the people in every state. Through state managers and Johnson For President clubs, he will endeavor to offset the lead gained by Coolidge in securing pre-convention endorsement of republican state committees.

### LETTERS IN APPEAL FOR SHANK SUPPORT

Received Here Today by Many Republicans And Advocate Nomination of Indianapolis Mayor

#### POINTS TO GOOD QUALITIES

Mail reaching Rushville today was flooded with circular letters addressed to local Republicans urging support of Mayor Samuel Lewis Shank as a candidate for the republican nomination for governor at the state primary May 6. The letters were signed by Will K. Penrod, Shank's campaign manager. Enclosed with the letters were circulars setting forth Shank's policies.

"Our endeavor shall be to urge," the letter stated, "and if possible to convince the Republicans of Indiana, that he should be nominated at the primary of May 6th, by an overwhelming majority."

"Our honest conviction is that we can win with Shank. He is an upstanding candidate, a man of fine qualities, acceptable to business man and laboring man alike. He is endowed with a winning personality and has no superior on the stump. He holds the confidence of the common people to a marked degree. His ideas of economy of government and tax reductions are thoroughly sound."

### ADVOCATES MARKETING BILL

Farmer's National Council Calls Present Method Wasteful

Washington, Jan. 4—The present system of marketing farm products was characterized as "criminal wastefulness and injustice under which the consumer pays three times as much as the producers receive," in a statement made public today by the farmer's national council advocating passage of the Norris-Sinclair government cooperative marketing bill.

"During last year the purchasing power of farm products, when the farmer sold them, was only about 70 to 75 percent of the wholesale price of non-agricultural commodities and probably not 50 to 60 percent of the retail price farmers had to pay for what they bought," said the statement.

### His Conscience Troubled Him

"I know I have done wrong, please forgive me for not doing my duty and writing you before. I am thankful to God for the good remedy He gave you, and would not take \$500 for the good the first dose gave me. I have been bothered for many years with gas in my stomach and indigestion, but since taking Mayr's Wonderful Remedy two years ago, have had no such trouble. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere."

lieves the explosion occurred in the packing section of the plant. In this section the missing men are buried, plant officials believed.

Police Chief McGuire announced that two of the injured died during the night. He gave their names as George Liber and Manuel Micks. McGuire says these are included in his total of eight.

Lawton said that according to his estimates, these make the total of known dead five.

Some of the bodies recovered could not be identified.

Names of identified dead are: Lee Harding, Pekin, body recovered from ruins.

John Holton, Pekin, died in hospital.

Manuel Hicks, died in hospital.

George Lieber, Pekin, died in hospital.

Otto Wiebery, Pekin, died in hospital.

Rescue workers were making slow progress in removing the debris.

**To Assist in Inquiry**  
Washington, Jan. 4—Engineers of the bureau of chemistry, department of agriculture, left here today to assist in the investigation of the dust explosion in the factory of the Corn Products Refining Company plant at Pekin, Ill.

Officials of the company requested the department of agriculture to assist in an investigation.

The investigators, who are expected to reach Pekin Saturday include David J. Price, engineer in charge, H. R. Brown and P. W. Edwards.

## Show Signs of Intelligence

The Filipinos seem to think that they should have their independence.

The congress seems to think differently, and there's the rub.

The drive for independence has been linked up by the shrewd Filipino politicians with the opposition to General Wood, whose removal as governor general they are demanding and have been demanding for some time.

Perhaps the people of the insular possession are better prepared for freedom than anyone imagines. They are beginning to show signs of being "progressive" and "civilized".

Witness the diplomacy of the leaders of the independence movement who, by combining the fight for ultimate independence and the recall of General Wood by this government, have visions of bringing about a compromise.

That is truly American and is very strong proof that some of the Filipinos have been taking lessons from congress. At least, they are "catching on," and it is barely possible that in time they will become so adept that they may be rated

## NEW LAMP BURNS 94% AIR

## Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be a superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. N. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

## To U. S.

Sir Esme Howard, present British ambassador to Spain, will succeed Sir Auckland Geddes as British envoy to the United States. His appointment has been officially confirmed.

alongside some of our best known lobbyists.

President Coolidge has frowned on the independence movement and he is still standing back of General Good. But the Filipino diplomats are not dismayed. They claim to have the Republican insurgents lined up and believe that with what Democratic support they can muster, they will be able to gain the end desired.

Americans generally will watch the battle with some interest, though it makes little difference to them whether the Filipino is given his freedom or the status quo is maintained in the islands.

## The "Missing Link"

A speaker at the meeting of the American Association by the Advancement of Science said that the "missing link" is in a fair way of being discovered, in fact, it may be found any day.

He reported that all of America and western Europe have been explored, which is assurance enough, perhaps, that we have escaped the possibility of that phantom of science being found in our midst.

Americans may now well feel secure and Mr. Bryan may continue to condemn the theory of evolution, for all we care.

The "missing link" is not among us. Let joy be unrestrained.

But even scientists may make mistakes.

## King of Latin Sports

The United States inspired the arbitration and armaments limitation treaty among the five Central American republics, and there is little likelihood of war breaking out among them. But there seems no way to prevent internal revolutions, which may well be as bloody and disastrous as an international conflict. Following the rebellion in Mexico, the republic of Honduras has declared martial law, because a revolution is thought to be brewing in that country. Human nature cannot be controlled by international agreements.

## Pensions and Bonus

When the present fiscal year ends next June there will have been paid out in pensions to veterans of all wars preceding the world war about \$6,600,000,000. At the same time there will have been expended for veterans of the world war about \$3,000,000,000, in addition to \$427,000,000 distributed by the states themselves as bonuses. It is now proposed that a bonus, estimated by the secretary of the treasury at more than \$5,000,000,000, be added to the huge total for the soldiers of the late war, injured and able bodied alike.

**Tom Sims Says**

The packing industry had a good 1923. By packers we do not mean street car companies.

The railroads made money last year. This, however, is not news to people who bought tickets.

The price of pig iron is so high we know where they can get some biscuits for a substitute.

Demand for locomotives is increasing. Why don't auto drivers look and listen at crossings?

Cigar smoking increased only four percent in 1923, there being so few political campaigns.

Cigaret consumption increased last year, the word "consumption" having an excellent meaning.

Crude oil production broke all records in 1923. The same is true of crude movie production.

Last year 540 bank failures were reported. Besides this many children's banks failed Christmas.

There was a tremendous fruit crop for 1923. We tell you because prices didn't mention it.

The 1923 prune crop was short, so this helps boarders some.

More baseballs were sold last year than ever before. The new lively ball is helping trade.

The dry goods industry was very uncertain during 1923, and so was the wet goods industry.

The outlook for 1924 is bright for those who look out.

Building booms boosted the lumber trade last year, even presidential timber being plentiful.

Shoe production increased last year, but emergency gasoline tanks may soon eat this gain.

The Hodge - Podge

King George of Greece didn't have his hair cut until he got out of the country, for fear of having his throat cut. Reminds us that we put a lot of faith in the barber.

The railroads killed 120,685 persons last year, which doesn't include those who got caught at the crossings.

Chemical imports are constantly on the increase. Drug store beauty will be served.

Statisticians tell us there are four-teen million automobiles in the United States, but who's going to count them to check up on the statisticians.

Some scribe wrote that "It is with words as with sunbeams—the more they are condensed, the more they burn." Congressional Record please copy.

But if following this advice would impair the burning qualities of the Record, we'll take it all back, because the Record does make fine kindling.

FIFTEEN YEARS  
AGO TODAY

From Daily Republican  
Tuesday, Jan. 5, 1908

Miss Hulda Wheeler of Rushville will visit her sister, Mrs. Elden Robb, Wednesday, says the Greenfield Star. Miss Wheeler will be on her way to Earlham College, where she has taken a position as assistant instructor of music for the next three months, during the absence of the regular assistant, who is studying in Europe.

The local Odd Fellows will install the newly elected officers for the ensuing year at their regular meeting Wednesday night. One candidate will be initiated in the first degree. The officers are Joe Miller, Noble Grand; Henry Schrader, Vice Grand; R. E. Abernathy, Recording secretary; Alvie E. Newhouse, Financial secretary; Clint Bodine, treasurer.

City Clerk Grant Gregg is at work on the orders for allowances made by the city council for this month and it is quite a gigantic task. Never before in the history of Rushville were there such a large number of orders drawn. The increase is due to the smallpox epidemic that hit here about three weeks ago.

The Ladies Bible Class will meet next Friday afternoon at two o'clock with Mrs. Lon Link in North Perkins street. All who wish to join are urged to be present.

The Royal Rushers will entertain their parents at their home in East Seventh street tonight. This is the first of a series of receptions which will be given this week by the young ladies during their house party.

Walter Frazee returned to Lexington, Ky., today to resume his studies in Kentucky University after spending the holidays with his parents, Mr. and Mrs. John H. Frazee in North Harrison street.

Tom Meredith returned to Lafayette yesterday evening to resume his studies in Purdue University after spending the Christmas vacation with his parents, Mr. and Mrs. Gilbert Meredith in West Ninth street.

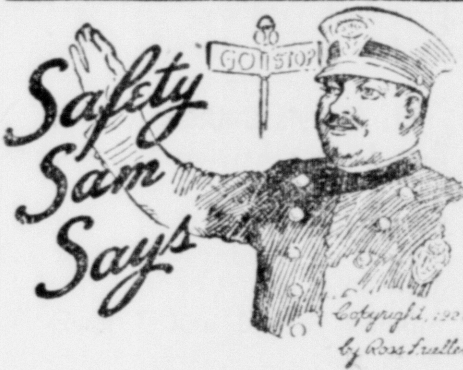

Miss Hettie Retherford has returned to Indianapolis after a short visit with her parents, Mr. and Mrs. Robert Retherford in West Fifth street.

Miss Louise Burt, who has been the guest of her parents, Mr. and Mrs. M. C. Burt in North Perkins street during the Christmas vacation has returned to Cincinnati to resume her studies in the Thane Miller school.

Walter Norris has returned to Purdue University after spending the holidays with home folks.

Miss Lenora Wooden returned to Oldenburg today after spending the holidays with her parents, Dr. and Mrs. E. I. Wooden in North Morgan street.

LIONS EXPECT TO  
DEVOUR KNIGHTSTOWN

# NEWSY GOSSIP IN THE WORLD OF SPORT

MOSCOW HARDWOOD  
MEN TRIP ARLINGTON

The basketball eyes of eastern Indiana will watch with interest the outcome of the week end games, and it is up to the Lions to take two in a row. Columbus on Saturday night will be one of the hardest games, but a victory for Rushville is not improbable. Snap into it, set a pace, don't weaken and let's win the game.

**WITH K-TOWN TONIGHT**  
Knightstown tonight will be a worthy opponent. Don't underestimate their ability. Let's fight.

**BIG GANG COMIN' FROM K-TOWN**  
Basket Ball Sweepings in the Knightstown Banner, comments today as follows:

Hail! Hail! Everybody's going! Everybody's going! To Rushville this Friday night to twist and double twist the tails of the Lions, who have been roaring, gnashing their teeth and fasting for two weeks for a lot of fresh meat. The Knightingales are not one darn bit sketched of the king of the jungles or any of his kind. They play high, play low, and will take Jack and the game. The song of the Knightingales is sweet and cheerful, but that which they will do to the Rushville beasts will not leave a candy taste upon their great red lips. The Knightingales are out tonight to drink the blood of the roarsers.

**Cubs Have a Tussle**  
The Lion Cubs have a hard tussle before them tonight with the Richmond Second team. Be on hand early to see the entire bill.

**ADVANCE DOPE FROM RICHMOND**  
Hoosier of Richmond gives us some advance "dope" on their second team, which is as follows:

The Morton high school seconds battle the Rushville Colts Friday night at Rushville. The Morton yearlings are somewhat crippled. It is rumored that Federico and Reid, seniors, will not be in the line-up for this tilt. The decision at the start of the season was that all seniors would be kept off the second squad. If these two lads make the trip to Rushville, the quietest stands a chance of accounting for a good game. Lacey, forward, is said to have a "bum" foot. Not a bear story, Rushville.

**Oh Gosh, Girls Have to Play With New Rules**

The Rushville Lionesses play the curtain raiser Saturday night, meeting the New Salem girls. The new rules for girls will be played, in which either six or nine must constitute a side. In the case tomorrow night, each team will have six on a side—three forwards and three guards. Two of the guards jump at center. This change in rules was effective January first. If you don't believe us, be on hand Saturday night and see how it is to have a crowded floor of players.

**HERE'S OUR PLANK**  
The quicker the girls turn over and adopt regular boy's rules, the better the fans would like it, and what's more the girls are even in favor of it too, isn't that so girls?

After this week comes Liberty. The Ikniks walloped 'em 70 to 19. What can the Lions do?

Wonder if Suisie's band survived the holiday lay-off. We'll see tonight and tomorrow night. If they are not on the job, the games are lost.

The New Salem Jinxes plays at Fairview tonight. Go after 'em Salem and tell us all about it Saturday.

Richmond plays at Muncie tonight. Some pick Richmond and other pick Bearcats. We'll pick the winner tomorrow.

The Trojans tackle the Red Devils at Elwood. We will soon see the result of the fast company that Newcastle was in Monday night.

**Alibis Are Great Agitators**  
Shootin' 'em in the News is after us, because we mentioned the alibi that the Star had last Sunday in saying that Tech lost to Richmond, because they "had a night off." Here is what the News says:

The Rushville Republican wonders "if Tech ever had a night on?" Perhaps not, but if victory is a license to use that expression a game with Rushville probably would bring about an amazing end to your wonders, Mister Hittin' 'Em and Missin' 'Em.

Moscow is scheduled to play at Carthage tonight, but you can't always tell about schedules that appear in the Basket Ball World. They had Milroy playing at Carthage Wednesday night, and tonight they have Milroy playing at Letts and Milroy playing at Arlington. In fact they have us so completely bamboozled that we sorta doubt if Milroy plays at all.

We do know that Knightstown is coming here for a practice game tonight, so they will be in shape for a game at Carthage tomorrow night. It might be dear practice though, K-town.

The Spiders play at Manila tonight. Webb won from them up here, but you can't always tell what the result will be after a Christmas vacation.

**HERE'S ONE WE MISS**  
Wadesville plays at Yankeeetown tonight. Sorry, but that is one game we gotta pass up. We're goin' to stay home.

**GOOD EATIN' TOO**  
"Thru the Hoop" of Shelbyville springs this one:

The Rushville Lions are planning to break training Saturday night. Latest dispatches from Hittin' 'em say that the Lions are gonna eat Bull Dogs. At any rate, the canines will be tough to digest.

**GOSH, HOW OUR MOUTHS DO WATER FOR A TASTE OF CAMELS.**

**JUST PASTIME—THAT'S ALL**  
And then Georgie pipes in, from away down in Vincennes, with this comment:

The Bull Dogs from Columbus leave their kennel reservation this week and will tie into Shelbyville on Friday night and then as a pastime take a snap at Rushville Saturday.

**DON'T DESERT US CONNERSVILLE**

W. P. K. of Connersville writes Side Lights asking him to forget about Rushville for awhile in his column, and pick on someone more important, "Bedford, Anderson or somebody that meant something". Hittin' 'em will wager that W. P. K.

## BIG TEN TEAMS GET IN ACTION

Purdue And Indiana Both Start Off  
With Contests on Their Home  
Floors in Big 10 Race

WITH STRONG OPPOSITION

Chicago Meets Purdue And Wisconsin Comes to Bloomington For Tilt—Other Games

By VEDDER GARD  
(Written for United Press)

Indianapolis, Ind., Jan. 4.—The two Hoosier representatives in Western Conference basketball meet their first Big Ten opposition in the race for the championship tomorrow night. Purdue and Indiana both start off with contests on their home floors.

The Boiler-makers take on Chicago at Lafayette and the Crimson entertain Wisconsin at Bloomington. Coach Lambert's Purdue squad is quite a favorite over the Maroons. The Lafayette outfit appears above the average strength.

With Capt. Gullion, Spradling, the sophomore flash, and Robbins, Purdue has a trio of offensive stars that are hard to surpass. Wellman or Roseberg at back guard are formidable on the defense.

One forward position is Lambert's worry. Davis, an experienced man, is being given a hot race by several promising soph.

The Indiana-Wisconsin contest seems a harder task for the Hoosier school. Coach Meanwell always has fine teams at the northern institution. And this year, although he has a few squad, the five appears to have much strength.

I. U., however, has what looks like the best team in some years, and with the advantage of its home floor should give the Badgers a terrific struggle. The game looks like a toss-up and is almost certain to be a nip and tuck affair.

Notre Dame plays a Big Ten team when it tackles Michigan at South Bend "Y" Gym on Saturday.

A game of great interest in the State is the DePauw-Butler scrap at Tomlinson hall, Indianapolis, also on Saturday night. It's a big Saturday for the netters in Hoosierdom.

## SPORT CHATTER

Chicago—Transfer of Carl Mays, veteran underhand twirler from the New York Yanks to the Cincinnati Reds was approved by Commissioner Landis today. Mays goes to Cincinnati under the waiver rule.

Chicago—Tiff Denton, Kansas City, present national three cushion league champion, meets Pierre Maupome, the Frenchman, this afternoon.

Chicago—President Hickey of the American Association announced the following umpire appointments: James Murray, Ollie Chill, Frank Connolly, James Freeman, John Mullin, Cornelius Daly, Jack Landry and James Delhanty.

has been jilted by a Rushville girl, and that he is sore at the world—not Rushville.

Robinson of Connersville has caged 50 field goals in 9 games, which is a record that any team should be proud of.

**Our Claws Are Sharp Anyway**

Short Passes of Shelbyville in offering a comment about the appetite of the Lions for the Bull Dogs, says that the Lions have been without teeth for the greater part of the season. That might be so, Shelby, but who ever heard tell of Camels having either teeth or claws? Just mostly up and down—a hump or two.

The Ikniks also have long legs, but lack the kick, so we are told.

If Bobby Starr don't get back on the job pretty soon, we're goin' to quit takin' his ole paper, the Frankfort Times.

Georgie has compiled all the dope. We'll spring it Monday.

**CONDITION STILL SERIOUS**

Cecil Anniller who was severely burned about the hands and face last Monday at the home of Alva Webb, while heating harness oil, is still in a serious condition, at the home of his father-in-law, Oliver Waggoner.

## Third Major League Talk

By HENRY L. FARRELL  
(United Press Sports Editor)  
New York, Jan. 4.—Prediction that a third major league is sure to be organized at a time not very far in the future has come again from sources of qualified authority.

Nothing beyond an opinion, which is a very good one, however, has been found to substantiate a belief that the field is becoming too large for the National and American Leagues to supply.

"Since it is an established fact that organized baseball is too well fortified, financially and geographically, to make it possible for an outlaw league to intrude, it is logical that organized baseball will form a third league when the investment assumes the size of a sound business proposition.

If Boston and St. Louis are able to support two major league clubs, it would seem reasonable to figure that Cleveland and Detroit would be good fields for continuous

baseball, and Cincinnati, with such a good territory to draw from, might be interested in another club to divide affection with the Reds.

Baltimore has been pretending major league proportions for several years, and Kansas City is looked upon as a fertile spot for some of the big major league money that is figuring on the future.

Another "Federal League" would not go, because the sad experience of that last venture would restrain the investment of any capital in another attempt to test the strength of organized baseball.

The tremendous expense of organizing an independent league, represented in building ball parks, is nothing compared to the problem that would arise in getting the players for six or eight new clubs.

The major leagues, however, would encounter no such insurmountable obstacles as only a few new parks would be necessary and the National and American Leagues might be able to spare enough players to form the nucleus for the new clubs.

## Jack's Here

Jack the Giant Killer Dempsey arrived in New York the other day and now the fight world is sitting up and taking notice once more. Photo shows him at his first breakfast in the Big Town—on this trip.

## FIGHTS AND FIGHTERS

Fort Bragg, N. C.—Young Stribling, Georgia light-heavyweight, stopped Kid Numbers, Fort Bragg soldier champion, in the fourth round. Stribling had agreed to do it in eight rounds. It was his nineteenth straight victory.

Chicago—Mike Dundee, Rock Island flash, meets Stanley McBride in ten rounds here tonight.

St. Paul, Minn.—Funeral services for Billy Miske, St. Paul heavyweight fighter who died New Year's day after a long illness, were held at 10 a. m., today at St. Adelbert's. Requiem high mass was chanted by Rev. Peter A. Roy. Tommy Gibbons, many times Miske's ring foe, but long a great friend of Miske was among the pallbearers.

Jacksonville, Fla.—Jack Dempsey, heavyweight champion, will go on the auction block when his boat docks here today. Delegations from Tampa and Jacksonville plan to meet and invite the champion to establish winter training quarters in their cities.

Omaha Neb.—Joe Lynch, bantamweight champion, is a 3 to 1 favorite over Earl McArthur, Sioux City bantam, who he meets in a ten round decision bout here tonight.

## ARLINGTON TAKES COUNT THIRD TIME

Athletic Club's Basketball Team is  
Defeated Thursday Night By Mos-  
cow, 43 To 34

TAKES LEAD BUT IS HEADED

The Arlington Athletic club basketball team took the count for the third straight time this season when Moscow defeated them at the Arlington Gymnasium, Thursday evening, 43 to 34.

It looked easy for the Arlington team at the start of the game, as they had the score 8 to 9 after playing the first eleven minutes, before Moscow scored. All at once the Arlington team's defense weakened and Moscow started scoring in quick succession and could not be stopped. The first half ended 20 to 15 in Moscow's favor.

The last half Moscow kept up their fast work and when the game ended was out in front, 43 to 34. The Arlington team has not been going good the last few days due to injuries to some of the players and sickness of others.

The A. C.'s star forward, Gardner, is expected to be back in the game Thursday night, when Fairview will be their opponents. Gardner has been out of the game for the past few weeks due to injuries he received in a game. A fast game is expected next Thursday night, as Fairview has been going good this season.

In the curtain raiser last night the Junior A. C.'s had the better of the Morristown National Guard team and won handily from them to the tune of 41 to 21.

## Secret of Happiness

The greatest menace on earth to happiness is the ill health with which so many women are afflicted. The young woman is subject to pain and irregularities, the mother to the tortures of displacements with consequent pains, aches and nervousness—the middle aged woman to the uncomfortable conditions caused by this critical age. The one remedy to control these conditions and restore the system to a normal healthy condition is Lydia E. Pinkham's Vegetable Compound, which for fifty years has been restoring sick and ailing women to health and happiness. For sale by druggists everywhere.

## Tiers of Flounces for New Frocks

Sketched are two graceful frocks. One, the long-sleeved model, is intended for practical wear and could be made of fine twill or charmeuse. The other is more suited to heavy satin or crepe. Both show convincingly that flounces have a high place in winter fashions.

City Administration at Kokomo is a Mixed Family

(By United Press)

Kokomo, Ind., Jan. 4—Women are well represented in the city administration which took over the municipal administration Jan. 1. Three women are members of Mayor James Burrows' official family.

This breaks all records in the history of Kokomo.

Mrs. Ellen Moon, widow of the late Mayor B. C. Moon, has been given a position on the city civil engineering staff. Mrs. Nellie C. Dawson was named as a member of the board of public works and Mrs. DeAnna Knepple selected as a member of the board of police commissioners.

Mrs. Moon was a candidate to succeed her husband when the council

appointed Burrows, a Republican. Both Mrs. Moon and Mrs. Knepple are Democrats. Mrs. Dawson is a Republican.

## TO OUTLINE TAX PROGRAM

Indianapolis, Ind., Jan. 4—The Indiana Farm Bureau federation has issued a call for a meeting of representatives of all the county bureaus in Indianapolis on Jan. 18 to outline the tax program of the organization.

## TO OPERATE TWINE PLANT

Indianapolis, Ind., Jan. 4—Operation of the cider twine factory at the Indiana State prison at Michigan City will be resumed immediately despite the burning Wednesday of a large warehouse containing \$160,000 worth of twine, J. A. Brown, secretary of the state board of charities, said today.

MOVIES

**Week-End At Princess**  
in "The Huntress," a delightful romantic comedy-drama which features the screen program today and Saturday at the Princess, Colleen Moore, who makes her bow as a First National star, has a role which, indeed, adds still more laurels to her enviable crown.

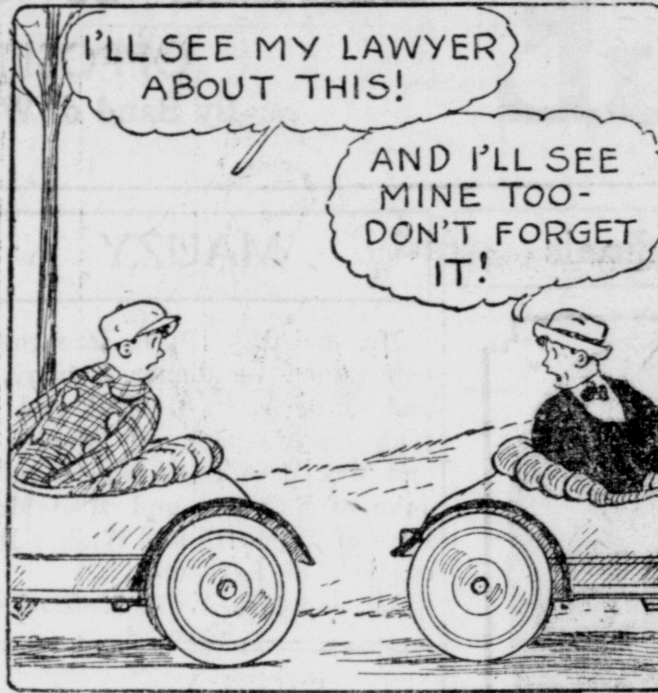

The story of "The Huntress" is that of a white girl brought up among Indians who, learning the truth of her parentage, and hoping to win a white husband, kidnaps a youthful New Yorker who had come into the Indian country in search of land.

Her efforts to win a mate are frustrated first by the young man himself who, to the girl's consternation, will not fall into her carefully laid plot, and secondly by three rough, hardy pioneers for whom the youth was acting camp cook when the girl appears on the scene.

Lloyd Hughes handles the part of the bashful wooed young New Yorker in a pleasing manner. His role also calls for highly dramatic acting at times, the high light of which is an exciting fist fight with one of the other characters (portrayed by Walter Long). The fight is all that could be desired for realism and tension.

Other popular screen players who comprise the all-star cast are Russell Simpson, Snitz Edwards, Wilfred North and Charles E. Anderson.

Get Ahead of the Spring Rains

Put on this quickly laid roofing now while you have the time to do it in most cases it is not necessary to remove the old roof covering

Later on you will not have the opportunity to look after your roof.

Now in the less busy season, you will be able to attend to this matter of roofs—which is very important. Any building is only as good as its roof.

In this day of high wages, the cost of laying a roof is an important item. The fact that Ford Asphalt roll roofing can be laid successfully even by the most inexperienced, has caused it to be used by thousands of farmers everywhere for their homes, barns and out buildings, not only for replacing worn out roofs but for new buildings for which it makes an ideal covering.

With this easily laid roofing it isn't even necessary in most cases to remove the old shingles. This fact permits of your

laying the new roof without exposing the interior of the building to the elements; a sudden shower has no effect upon the laying of a Ford roof.

Ford roofing is the best and most economical type of roofing whether for home, store, farm, garage or factory. High grade heavy roofing felt is used as a base. This is saturated and coated with asphalt, nature's own protective material. While the asphalt is still hot, mica, another natural product, is pressed into the outer surface making a covering that is fire resisting and impervious to melting snow and driving rain.

Once laid Ford roofing can be forgotten. Besides you have the satisfaction of knowing that your household, your crops, your cattle and your machinery are all snug and safe from the destroying action of summer's searing heat and winter's slushy cold.

Make up your mind right now to rid yourself forever of the costly annoyance of those leaky roofs. The number of rolls necessary can be quickly estimated by knowing the size of the roofs to be covered. The roofing will come to you with the nails, lap cement and complete instructions for laying—all you need in addition is a hammer and a knife.

## APPLICATIONS FOR FISH

Many Counties Already Make Bid For Stocking Public Waters

Indianapolis, Ind., Jan. 4—Application for baby fish for stocking public waters of this state are now being filed with George N. Mannfeld, chief of the fish and game division of the state conservation department. Mr. Mannfeld points out that the department fills the requests in the order in which they are filed, therefore it behooves those interested to file early.

State Wardens, he says, made 464 arrests in November, resulting in 448 convictions, with fines and costs totalling \$8,882.95. Thirteen cases remain untried and there were dismissed. This is the largest number of arrests and convictions in Indiana by game wardens in any one month. This number exceeds arrests and convictions formerly made by wardens in an entire year. At this time there are 42 paid wardens in the service.

Mammoth Cranes And Hundreds of  
Men With Picks And Shovels  
Search for Missing Men

### AFTERMATH OF EXPLOSION

Pekin, Ill., Police Chief Says That  
His Count of Recovered Dead  
Totals Eight

(By United Press)

Pekin, Jan. 4.—Mammoth cranes and hundreds of men with picks, crow bars and shovels, harked and strained today at the ice-sheathed ruins of the dry starch plant of the Corn Products company here in the belief that many men reported missing in yesterday's explosion are buried in the debris.

Police chief McGuire early today said that his count of the recovered dead totals eight. This figure is unofficial.

The missing number 20, company officials estimated.

Through the eight feet wire fence that encloses the plant, scores of relatives of the missing maintained an all night vigil. The cold was intense, but the grief-stricken watchers appeared to be indifferent to suffering.

Superintendent H. E. Lawton took issue with the police list on the dead and declared that only two bodies had been taken from the ruins.

Lawton fears that all the missing are entombed under the wreckage.

Lawton directed a checkup of the 250 men who were in the plant when the dry explosion occurred and said that 27 men were missing.

The two bodies recovered from the ruins were those of Lee Harding 45, foreman and John Hooper, worker, Lawton announced. James Holton, another employee, died in a hospital.

Thirty one injured are in Pekin hospitals, a dozen are in hospitals at Beora, 10 miles distant and still others are scattered in homes.

The fire which swept the plant following the explosion did not subside until late last night. Hundreds of tons of water had been thrown on the ruins with the result that the debris, scattered over a half block, are sheeted with huge masses of ice.

Three investigations were started today. The company is making one, local authorities are pushing another and the state fire marshal is making a third.

Lawton said that the explosion mystified him. The plant where it occurred was of steel and concrete and embodied every possible precaution against danger from dust explosions.

State Fire Marshal Gamber has been ordered to investigate.

## FILM SHOWING THE NORMAN GIRL BARRED

Memphis, Tenn., Acts Following Hol-  
lywood Scandal, Which Involves  
Third Woman

### MISS NORMAN'S COMPANION

Memphis, Tenn., Jan. 4.—Films showing Mabel Normand will be barred from Memphis theatre by the municipal board of censors, John M. Dean, chairman, announced today. Dean said the action would be taken at the next meeting of the board because of Miss Normand's connection with Hollywood's latest scandal.

Edna Purviance, also involved in the scandal, may be given the benefit of the doubt, Dean said. The board will wait until all evidence is in before passing judgment, he said.

Los Angeles, Jan. 4.—Confession of Horace A. Greer, chauffeur who shot Courtland S. Dines, today involved another woman in the mystery surrounding the assault which took place while the Denver oil man was entertaining Edna Purviance and Mabel Normand, Greer's employer.

Detectives interrogated Mrs. Edna Burns, companion of Miss Normand, following Greer's statement that as he was leaving for Dines' apartment, Mrs. Burns saw him take the revolver with which the shooting was done and admonished him to "be careful".

## New Field For Feminine Sex Is Discovered

Thelma Johnson, Pretty 20-Year-Old  
Clinton, Ind., Girl Finds Traveling  
Companion to Bootleggers Is Profit-  
able Occupation.

(By United Press)

Indianapolis, Ind., Jan. 4.—Thelma Johnson, pretty 20 year old girl from Clinton, Ind., has found a new and profitable field of endeavor for the feminine sex, federal prohibition agents declared today.

The occupation is that of traveling companion to bootleggers.

According to Bert Morgan, federal prohibition commissioner, the girl received a salary of \$30 a week for riding with rum runners in order to give the booze car the appearance of carrying nothing but a happy family party.

She was arrested here last night when her male escort abandoned a car laden with 105 gallon of grain alcohol and fled when deputy sheriffs ran the car down.

She told police she was Thelma Patterson of Terre Haute, and that the driver of the rum car had picked her up when her car broke down on the road.

## FAVOR DISTRIBUTING STATION IN COUNTRY

Farmers Of Richland Township Ex-  
press Approval of Plan Used in  
Other Counties

### TO BUY ALL KINDS MILL FEED

The farmers of Richland township met at Neff's Corner school house Thursday evening to decide whether they were in favor of and would patronize a distributing station in Rush county for the handling of all kinds of mill feed, including tankage, fertilizer and salt, these to be purchased in car load lots and sold in as small amounts as would be convenient to haul home.

This system was explained by Harold Beale, who has just arrived home from Columbus, Ind., where he was sent to inspect a distribution station, that has made a wonderful success. He was also at Richmond, Ind., Monday where there is also a station. This station is handled in a little different way from the Columbus station, but both are in a pleasing success.

There was about fifty farmers present and when a standing vote was taken as to how many were in favor of and would patronize the system, everyone stood in favor of the plan. Several that could not come sent word by phone that they were for it.

Orders were also taken for a car load of Eastern Kentucky coal. Any-one wanting in on this order is requested to call Fred Pike, president of the Farmer's Federation.

## MERCURY HITS NEW LOW LEVEL THURSDAY NIGHT

Descends to Two Above Zero About  
Midnight And Starts Back up  
The Tube Early Today

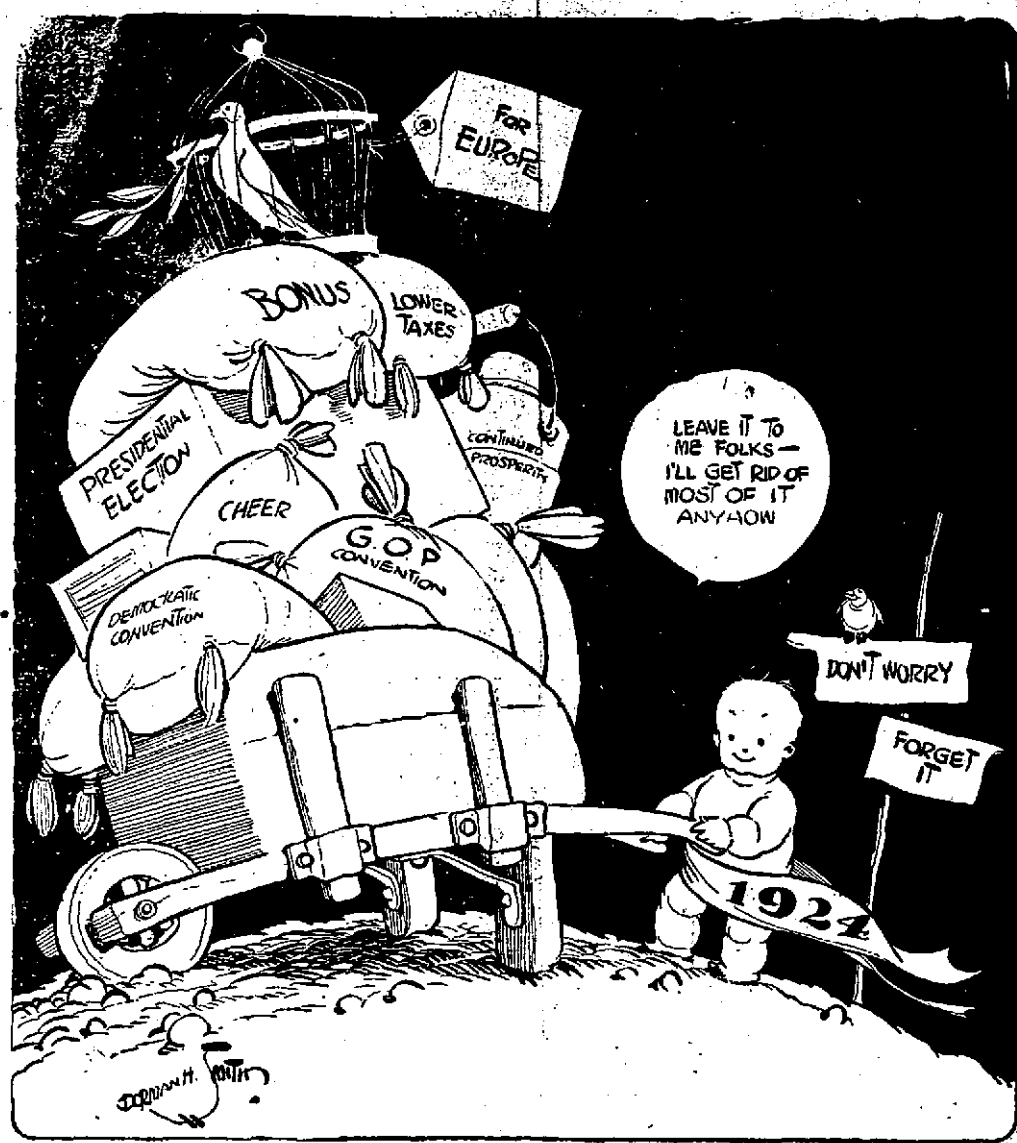

### COLD WEATHER TO CONTINUE

The mercury hit a new low level last night, when the coldest night for this winter was reached, with the thermometer in charge of Elwood Kirkwood at Maury, showing two degrees above zero during the night.

The mercury began to decline yesterday afternoon and the coldest was thought to have been reached from midnight until two o'clock this morning. After that time, however, the mercury began to go back up the tube, and 15 degrees was reached at eight o'clock, and this afternoon it was in the vicinity of 25 degrees.

The weather prediction for the next twenty-four hours, asserts that fair weather will prevail tonight and Saturday, probably preceded with light snow. The temperature will be somewhat colder again tonight, with the lowest in this locality expected to be between 10 and 15 degrees. The continued cold will prevail over the week end, the report says.

## KEEP A STIFF UPPER LIP

## Table Shows Indebtedness of Townships For Building Roads

Interesting Compilation by County  
Auditor Discloses Amount of  
Bonds and Interest to be Paid Off  
Each Year.

Phil Wilk, county auditor, has compiled a table showing the indebtedness of every township in the county for the construction of free gravel roads. The table should be of interest to every taxpayer, since the construction of new roads has taken a large percent of the taxes that have been raised during the last several years.

The table shows the bonds and interest from this year until the final payments are made; the decrease each year being brought about by so many bonds falling due each year and being paid off.

It will be noted that the decrease in some townships in certain years is greater than in others. This is accounted for by the fact that townships with large decreases in the amount to be raised by taxation for this purpose, happen to pay off the last bonds on more than one issue all at the same time.

It should be taken into account that this is the status of the gravel road bond redemption and interest fund for the beginning of this year. It may be different in any or all of the townships next year, because, before the first of next year, some new roads might be ordered, the bonds issued and levy made for meeting the first bonds to fall due next year.

The compilation is as follows and continued on Page Six

## ALL DAY SHOOT TO BE HELD

Sport Once Popular Here Will be  
Revived Next Wednesday

Clay pigeon shoots, which were popular here before the war will be revived with an all-day shoot on the Harrie Jones farm at the southern edge of Rushville, in Greelville, next Wednesday, according to announcement by local sportsmen today.

A practice shoot was held Thursday and try out the automatic trap that has been installed and everything is in readiness for the day of sport. Lunch will be served on the grounds.

Shoots were common at the Rushville Gun Club grounds, northeast of the city, not many years ago, but they lost favor during the war on account of the high price of shells. With the decline in prices, it is predicted that they will become popular again.

## Searching Questions to Be Submitted by Pastor

At the Sunday Evening service at the Princess Theatre Rev. L. E. Brown will submit the following questions on cards to be given to every person present for them to give their honest and conscientious answer:

1—If not a member of the church what are your reasons for not joining some church?

2—What in your judgment is the matter with the church that more people do not regularly attend its services?

3—What is your criticism of preachers and preaching?

"You will not be asked to sign your name to these cards," the announcement by the Rev. Mr. Brown said. "So come and give your opinion on these important questions."

## LOW TEMPERATURES STOP OHIO FLOODS

Waters Still Rising Today, However,  
at Rate of From One to Two-  
Tenths of a Foot

### NOT FAR FROM DANGER LINE.

Martine Ferry, O., Jan. 4.—Freezing temperatures have prevented what otherwise would have been another Ohio river flood disaster, river men said here today.

The stream at this point stood at 37 feet and observers said it probably would reach 40 feet by Saturday night.

No material damage will result from this height, however, although basements in the low lying may be filled with water.

Waters of the Ohio were still rising today at the rate of from one to two tenths of a foot an hour.

Reports reaching here from points down the river as far as Cincinnati said thousands of persons living in small river towns were preparing to move to higher ground.

Basements in the wholesale district of Huntington, W., were flooded as the river went out of its banks near Third street.

Merchants were removing stocks out of danger.

Portsmouth reported 47 feet. River men there set the danger line at 53 feet.

### ED JACKSON TO KEEP MONEY

Secretary of State Says He Will Not

(By United Press)

Indianapolis, Ind., Jan. 4.—The state highway department today faced the prospect of serious financial embarrassment and curtailment of its road building program because of the legal tangle growing out of the decision by Judge Care in superior court at South Bend that the state automobile license law is unconstitutional.

Ed Jackson, secretary of state, declared he will not turn the money collected from the sale of auto licenses over to the highway commission until the case has been carried to the supreme court and that tribunal has rendered its decision.

This action, Jackson said, will protect him in case the law is declared invalid. He will then have the money available to turn back to the auto owners.

Jackson also asked Attorney General Lesh to render an opinion as to whether autoists who do not pay under protest will be entitled to a refund in the event the law is knocked out.

Otis Ryan and Bert Hankins, two young men of this city were arrested this afternoon by Sheriff Hunt, and arraigned in the circuit court on a charge of encouraging delinquency, and each pleaded not guilty, and was released on \$1,000 bonds. Their trial has been set for February 7.

The two men, it will be recalled, were arrested a couple of weeks ago on a preliminary charge in Justice Stech's court, and this charge has been withdrawn, and the new charge placed against them in the higher court. The prosecuting witnesses in the case are three girls, all under the age of 16.

## TO RETURN RUNAWAY COUPLE

Officers Leave For Florida to Get  
Former Indiana Man And Girl

Indianapolis, Ind., Jan. 4.—A state policeman and a deputy sheriff of Johnson county started for Indiana, Florida today to return Loren Sweigart, formerly of Newcastle, wanted on bigamy charges, and Marjory Lane of Franklin, who accompanied him on his flight to the south.

Using the name of Robert Johnson Sweigart married the girl in Columbus in November. A few days later the couple disappeared with an automobile belonging to the girl's father.

Search revealed that the bridegroom had a wife and child in Indianapolis. The girl will be returned to her parents.

### LIVED IN RUSHVILLE 15 YEARS

Mrs. Mahala Miller, wife of John S. Miller, died this morning about one o'clock at the family home, 327 North Morgan street, death resulting from a ten days illness of complications, advanced by spinal meningitis.

The deceased was a native of this county, and was 74 years old. She was reared and spent most of her life in Walker township, coming to this city 15 years ago, where she and her husband had since resided.

Three children, together with the husband, are among the survivors who are Mrs. Etta Dearing and Lorie H. Miller, both of Walker township, and Elmer J. Miller of Indianapolis. A sister, Mrs. Sam Webster of this city, and two brothers, Bert Ormes of this city, and Roy Ormes of this county, are among the survivors.

Services for the deceased will be held at the Baptist church in Homer, Saturday afternoon at two o'clock, in charge of the Rev. Mr. McMullen, and burial will be made in the Hurst cemetery.

### RIPLEY TOWNSHIP REPORTS

Ripley township, the ninth in the county to report on the Christmas Seals and Health Bond campaign, felt just \$3,52 short of last year's receipts, with a contribution of \$32.99 reported today by Mrs. Ella J. Coffin the township chairman.

The total of \$1,775.01 so far raised on the 1923 campaign is only \$25 short of last year, and there is every reason to believe that the three townships that have not reported will more than make up this deficiency.

The additional amount of \$7.11 from the two Rushville school buildings makes a total of \$1,491.43 collected in this city and townships.

Today's report is as follows:

Jackson school	\$ 4.40
Havens School	2.71
Ripley Township, Mrs. Ella J. Coffin, Chairman	32.90
Previously reported:	
Rushville City & Township	\$1484.32

### INJURIES PROVE FATAL

Greencastle, Ind., Jan. 4.—Amputation of the left leg at the hip failed to save the life of Ross O'Rear, 41, who was injured at the Midwest quarries plant, near here. O'Rear fell beneath a car and was dragged along on the frozen ground. His left leg was pulled off at the knee. He is survived by two children.

### PARTY WORKERS IN MEETING

Four Candidates Actively in Race  
And Three Others are Regarded  
as Possibilities

(By United Press)

Indianapolis, Ind., Jan. 4.—With all ideas of nominating a candidate for governor in the coming primary abandoned, Democrats were preparing today for a convention fight.

Hundreds of party workers gathered for the pre-campaign meeting. Four candidates are definitely in the field. They are:

Dr. Carlton B. McCulloch, Indianapolis.

State Senator Joseph M. Cravens, Madison.

Dale J. Crittberger, Anderson.

Senate Senator Charles Batt, Terre Haute.

Possibilities who admitted they are considering making the race are:

Walter Myers, Indianapolis.

Henry A. Barnhart, Rochester.

George A. Bittler, Evansville.

The Democratic state convention will be held in Tomlinson Hall, Indianapolis, June 4 and 5, the state committee determined today.

Candidates for other state officers were numerous. Senator Harvey Harmon of Princeton entered the race for attorney general and Arthur Hamrick of Clayton announced his candidacy for secretary of state.

The committee was to meet this morning to fix the convention date, and the public meeting was scheduled for this afternoon.

Thomas Taggart, Thomas R. Marshall and other leaders were to address the meeting.

Among prospective candidates for governor who have not yet made an avowal of their intentions are Edmund G. Hoffman, Fort Wayne; Joseph E. Ibach, Hammond; Mason Niblack, Vincennes; Walter Myers, Indianapolis, and Mayor Gurgan, of Lafayette.

## 99-CENT STORE IS SOLD TO LOCAL MEN

Bert Mullin And Henry Rugenstein  
Buy Old Established Business And  
Will Take Possession Soon

### INVOICING TO START MONDAY

The Ninety-Nine Cent Store has been sold by Roy H. Jones to Bert Mullin, former Rushville druggist, and Henry Rugenstein, who has been in the store for seven years, and the business will be conducted along the same general lines as in the past, according to an announcement made by the new owners today.

Invoicing of the stock will begin next Monday and Mr. Mullin and Mr. Rugenstein will take possession as soon as it is completed.

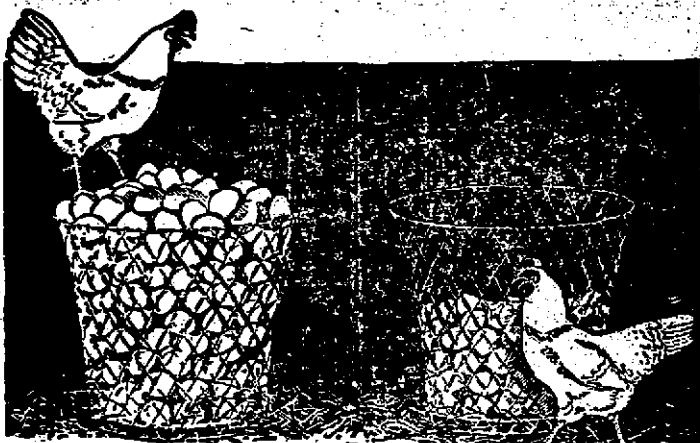

Mr. Mullin retired from the drug business six months ago, after having been engaged in that work twenty-eight years and having been prominently identified with the business life of Rushville. Mr. Rugenstein has been at the Ninety-Nine Cent store for the past seven years. Previous to that time he managed a store for Mr. Jones at Bloomington and traveled for several years as a chinaware salesman.

The Ninety-Nine Cent store was started by C. F. Felton here many years ago in the room now occupied by Homer Havens and Son's grocery store and was later moved to its present location. Mr. Felton sold out to Will Addison, who in turn sold the stock to Mr. Jones about 22 years ago.

## Former Rushville Girl To Become an Aviatix

Mrs. Madeline Rosencranse has received word from Miss Florence Staffon, of Los Angeles, California, that she has been made the present of an aeroplane, and will take up the profession of an aviatix. Miss Staffon is well known in this city having formerly lived here.

### "Purina" Made the Difference!

**EQUAL** in laying ability. But the hen on the right was fed a common grain ration while the other was fed Purina Chicken Chowder and Purina Hen Chow. Grains have lots of material for yolks, but far too little for whites. As they can't lay yolks only, grain-fed hens lay fewer eggs.

#### Purina Poultry Chows

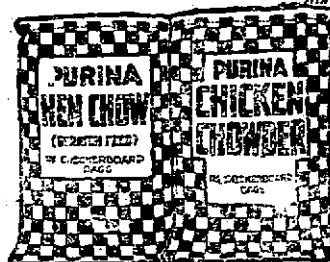

form a complete ration, containing material for an equal number of whites and yolks. They get the most out of your hens, and cut the feeding cost per dozen eggs.

Keep working. The next examination will be held Wednesday evening January 16 for either Tenderfoot or Second Class Scout ranking.

National Boy Scout Anniversary Week comes with the week of February 10 and covers a period of eight days. The scout leaders are arranging a splendid program with something doing on every day. Watch for this program. It will be published in this column soon.

### IN THICK OF FIGHT IN OHIO

Senator Johnson Prepares to Wage Fight for The Nomination

Cleveland, Ohio, Jan. 4—Senator Hiram Johnson, opponent of President Coolidge for the republican presidential nomination was busy with conferences today following the firing of his opening campaign gun at a public meeting here last night.

Johnson will fight Coolidge in every precinct in Ohio and to this end is campaigning the state.

Friends of the senator conferred with him regarding a campaign manager for the state. Johnson plans to carry his fight to the people in every state. Through state managers and Johnson for President clubs, he will endeavor to offset the lead gained by Coolidge in securing pre-convention endorsement of republican state committees.

### LETTERS IN APPEAL FOR SHANK SUPPORT

Received Here Today by Many Republicans And Advocate Nomination of Indianapolis Mayor

#### POINTS TO GOOD QUALITIES

Mail reaching Rushville today was flooded with circular letters addressed to local Republicans urging support of Mayor Samuel Lewis Shank as a candidate for the Republican nomination for governor at the state primary May 6. The letters were signed by Will K. Penrod, Shank's campaign manager. Enclosed with the letters were circulars setting forth Shank's policies.

"Our endeavor shall be to urge," the letter stated, "and if possible to convince the Republicans of Indiana, that he should be nominated at the primary of May 6th, by an overwhelming majority."

"Our honest conviction is that we can win with Shank. He is an upstanding candidate, a man of fine qualities, acceptable to business men and laboring man alike. He is endowed with a winning personality and has no superior on the stump. He holds the confidence of the common people to a marked degree. His ideas of economy of government and tax reductions are thoroughly sound."

**ADVOCATES MARKETING BILL**

Farmer's National Council Calls Present Method Wasteful

Washington, Jan. 4—The present system of marketing farm products was characterized as "criminal wastefulness and injustice under which the consumer pays three times as much as the producers receive," in a statement made public today by the farmer's national council advocating passage of the Norris-Sinclair government cooperative marketing bill.

"During last year the purchasing power of farm products, when the farmer sold them, was only about 70 to 75 percent of the wholesale price of non-agricultural commodities and probably not 50 to 60 percent of the retail price farmers had to pay for what they bought," said the statement.

I have been bothered for many years with gas in my stomach and indigestion, but since taking Mayr's Wonderful Remedy two years ago, have had no such trouble. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. believes the explosion occurred in the packing section of the plant. In this section the missing men are buried, plant officials believed.

Police Chief McGuire announced that two of the injured died during the night. He gave their names as George Liber and Mannel Micks.

McGuire says these are included in his total of eight.

Lawton said that according to his estimates, these make the total of known dead five.

Some of the bodies recovered could not be identified.

Names of identified dead are: Lee Harding, Pekin, body recovered from ruins.

John Holton, Pekin, died in hospital.

Mannel Hicks, died in hospital.

George Lieber, Pekin, died in hospital.

Otto Wiebery, Pekin, died in hospital.

Rescue workers were making slow progress in removing the debris.

**To Assist in Inquiry**

Washington, Jan. 4—Engineers of the bureau of chemistry, department of agriculture, left here today to assist in the investigation of the dust explosion in the factory of the Corn Products Refining Company plant at Pekin, Ill.

Officials of the company requested the department of agriculture to assist in an investigation.

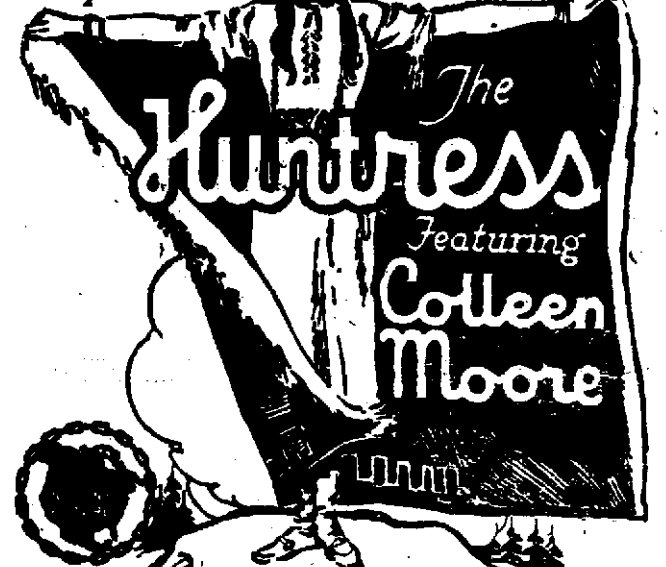

The investigators, who are expected to reach Pekin Saturday include David J. Price, engineer in charge, H. R. Brown and P. W. Edwards.

**CHRISTIAN CONFIDENCE**This is the confidence that we have

—1 John 5:14.**Show Signs of Intelligence**The Filipinos seem to think that  
they should have their independence.The congress seems to think dif-  
ferently, and there's the rub.The drive for independence has  
been linked up by the shrewd Filipino  
politicians with the opposition to  
General Wood, whose removal as  
governor general they are demanding  
and have been demanding for some  
time.Perhaps the people of the insular  
possession are better prepared for  
freedom than anyone imagines. They  
are beginning to show signs of being  
"progressive" and "civilized".Witness the diplomacy of the lead-  
ers of the independence movement  
who, by combining the fight for ul-  
timate independence and the recall of  
General Wood by this government,  
have visions of bringing about a  
compromise.That is truly American and is  
very strong proof that some of the  
Filipinos have been taking lessons  
from congress. At least, they are  
"catching on," and it is barely pos-  
sible that in time they will become  
so adept that they may be rated**NEW LAMP BURNS

found to be a superior to 10 ordinary  
oil lamps. It burns without odor,  
smoke or noise—no pumping up, is  
simple, clean, safe. Burns 94% air  
and 6% common kerosene (coal oil).The inventor, J. N. Johnson, 609

found any day.He reported that all of America  
and western Europe have been ex-  
plored, which is assurance enough,  
perhaps, that we have escaped the  
possibility of that phantom of science  
being found in our midst.Americans may now well feel se-

to prevent internal revolutions, which  
may well be as bloody and disas-  
trous as an international conflict.  
Following the rebellion in Mexico, the

there will have been expended for  
veterans of the world war about \$3,-  
000,000, in addition to \$427,000,000  
distributed by the states themselves  
as bonus-es. It is now proposed that  
a bonus, estimated by the secretary  
of the treasury at more than \$5,000,-

is helping trade.The dry goods industry was very  
uncertain during 1923, and so was  
the wet goods industry.The outlook for 1924 is bright for

LIONS EXPECT TO  
DEVOUR KNIGHTSTOWN

# NEWSY GOSSIP IN THE WORLD OF SPORT

MOSCOW HARDWOOD  
MEN TRIP ARLINGTON

## HITTIN' 'EM AND MISSIN' 'EM

The basketball eyes of eastern Indiana will watch with interest the outcome of the week end games, and it is up to the Lions to take two in a row. Columbus on Saturday night will be one of the hardest games, but a victory for Rushville is not improbable. Snap into it, set a pace, don't weaken and let's win the old game.

### WITH K-TOWN TONIGHT

Knightsdown tonight will be a worthy opponent. Don't underestimate their ability. Let's fight.

### BIG GANG COMIN' FROM K-TOWN

Basket Ball Sweepings in the Knightsdown Banner, comments today as follows:

Hail! Hail! Everybody's going! Everybody's going! to Rushville this Friday night to twist and double twist the tails of the Lions, who have been roaring, gnashing their teeth and fasting for two weeks for a lot of fresh meat. The Knightsdowns are not one darn bit sketched of the king of the jungles or any of his kind. They play high, play low, and will take jack and the game. The song of the Knightsdowns is sweet and cheerful, but that which they will do to the Rushville beasts will not leave a candy taste upon their great red lips. The Knightsdowns are out tonight to drink the blood of the roasters.

### Cubs Have a Tussle

The Lion Cubs have a hard tussle before them tonight with the Richmond Second team. Be on hand early to see the entire bill.

### ADVANCE DOPE FROM RICHMOND

Hoozier of Richmond gives us some advance "dope" on their second team, which is as follows:

The Morton high school seconds battle the Rushville Colts Friday night at Rushville. The Morton yearlings are somewhat crippled. It is rumored that Federico and Reid, seniors, will not be in the line-up for this tilt. The decision at the start of the season was that all seniors would be kept off the second squad. If these two lads make the trip to Rushville, the quintet stands a chance of accounting for a good game. Lacey, forward, is said to have a "bum" foot. Not a bear story, Rushville.

### Oh Gosh, Girls Have to Play With New Rules

The Rushville Lionsesses play the curtain raiser Saturday night, meeting the New Salem girls. The new rules for girls will be played, in which either six or nine must constitute a side. In the case tomorrow night, each team will have six on a side—three forwards and three guards. Two of the guards jump to center. This change in rules was effective January first. If you don't believe us, be on hand Saturday night and see how it is to have a crowded floor of players.

### HERE'S OUR PLANK

The quicker the girls turn over and adopt regular boy's rules, the better the fans would like it, and what's more the girls are even in favor of it too, isn't that so girls?

After this week comes Liberty. The Hawks walloped 'em 70 to 19. What can the Lions do?

Wonder if Suisie's hand survived the holiday lay-off. We'll see tonight and tomorrow night. If they are not on the job, the games are lost.

The New Salem Jinks plays at Fairview tonight. Go after 'em Salem and tell us all about it Saturday.

Richmond plays at Muncie tonight. Some pick Richmond and other pick Bearcats. We'll pick the winner tomorrow.

The Trojans tackle the Red Devils at Elwood. We will soon see the result of the fast company that Newcastle was in Monday night.

### Alibis Are Great Agitators

Shootin' 'em in the News is after us, because we mentioned the alibi that the Star had last Sunday in saying that Tech lost to Richmond, because they "had a night off." Here is what the News says:

The Rushville Republican wonders "if Tech ever had a night on?" Perhaps not, but if victory is a license to use that expression a game with Rushville probably would bring about an amazing end to your wonders, Mister Hittin' 'Em and Missin' 'Em.

Moscow is scheduled to play at Carthage tonight, but you can't always tell about schedules that appear in the Basket Ball World. They had Milroy playing at Carthage Wednesday night, and tonight they have Milroy playing at Letts and Milroy playing at Arlington. In fact they have us so completely bamboozled that we sorta doubt if Milroy plays at all.

We do know that Knightsdown is coming here for a practice game tonight, so they will be in shape for a game at Carthage tomorrow night. It might be dear practice though, K-town.

The Spiders play at Manilla tonight. Webb won from them up here, but you can't always tell what the result will be after a Christmas vacation.

### HERE'S ONE WE MISS

Wadesville plays at Yankee town tonight. Sorry, but that is one game we gotta pass up. We're goin' to stay home.

### GOOD EATIN' TOO

"Thru the Hoop" of Shelbyville springs this one:

The Rushville Lions are planning to break training Saturday night. Latest dispatches from Hittin' 'em say that the Lions are gonna eat Bull Dogs. At any rate, the canines will be tough to digest.

GOSH, HOW OUR MOUTHS DO WATER FOR A TASTE OF CAMELS.

### JUST PASTIME—THAT'S ALL

And then Georgie pipes in, from away down in Vincennes, with this comment:

The Bull Dogs from Columbus leave their kennel reservation this week and will be into Shelbyville on Friday night and then as a pastime take a snap at Rushville Saturday.

### DON'T DESERT US CONNERSVILLE

W. P. K. of Connersville writes Side Lights asking him to forget about Rushville for awhile in his column, and pick on someone more important, "Bedford, Anderson or somebody that means something." Hittin' 'em will wager that W. P. K.

## BIG TEN TEAMS GET IN ACTION

Purdue And Indiana Both Start Off  
With Contests on Their Home  
Floors in Big 10 Race

### WITH STRONG OPPOSITION

Chicago Meets Purdue And Wisconsin Comes to Bloomington For Tilt—Other Games

By VEDDER GARD  
(Written for United Press)

Indianapolis, Ind., Jan. 4.—The two Hoosier representatives in Western Conference basketball meet their first Big Ten opposition in the race for the championship tomorrow night. Purdue and Indiana both start off with contests on their home floors.

The Boilermakers take on Chicago at Lafayette and the Crimson entertain Wisconsin at Bloomington. Coach Lambert's Purdue squad is quite a favorite over the Maroons. The Lafayette outfit appears above the average strength.

With Capt. Gullion, Spradling, the sophomore flash, and Robbins, Purdue has a trio of offensive stars that are hard to surpass. Wellman or Roseberg at back guard are formidable on the defense.

One forward position is Lambert's worry. Davis, an experienced man, is being given a hot race by several promising soph.

The Indiana-Wisconsin contest seems a harder task for the Hoosier school. Coach Menwell always has fine teams at the northern institution. And this year, although he has a new squad, the five appears to have much strength.

I. U., however, has what looks like the best team in some years, and with the advantage of its home floor should give the Badgers a terrific struggle. The game looks like a toss-up and is almost certain to be a nip and tuck affair.

Notre Dame plays a Big Ten team when it tackles Michigan at South Bend "Y" Gym on Saturday.

A game of great interest in the State is the DePauw-Baylor scrap at Tomlinson hall, Indianapolis, also on Saturday night. It's a big Saturday for the netters in Hoosierdom.

## SPORT CHATTER

Chicago—Transfer of Carl Mays, veteran underhand twirler from the New York Yanks to the Cincinnati Reds was approved by Commissioner Landis today. Mays goes to Cincinnati under the waiver rule.

Chicago—Tiff Denton, Kansas City, present national three cushion league champion, meets Pierre Maupome, the Frenchman, this afternoon.

Chicago—President Hickey of the American Association announced the following umpire appointments: James Murray, Ollie Chill, Frank Connolly, James Freeman, John Mullin, Cornelius Daly, Jack Landry and James Delahanty.

has been jilted by a Rushville girl, and that he is sore at the world—not Rushville.

Robinson of Connersville has caged 50 field goals in 9 games, which is a record that any team should be proud of.

### Our Claws Are Sharp Anyway

Short Passes of Shelbyville in offering a comment about the appetite of the Lions for the Bull Dogs, says that the Lions have been without teeth for the greater part of the season. That might be so, Shelby, but who ever heard tell of Camels having either teeth or claws? Just mostly up and downs—a hump or two.

The Hawks also have long legs, but lack the kick, so we are told.

If Bobby Starr don't get back on the job pretty soon, we're goin' to quit takin' his ole paper, the Frankfort Times.

Georgie has compiled all the dope. We'll spring it Monday.

### CONDITION STILL SERIOUS

Cecil Aumiller who was severely burned about the hands and face last Monday at the home of Alva Webb, while heating harness oil, is still in a serious condition, at the home of his father-in-law, Oliver Waggoner.

### Third Major League Talk

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Jan. 4.—Prediction that a third major league is sure to be organized at a time not very far in the future has come again from sources of qualified authority.

Nothing beyond an opinion, which is a very good one, however, has been found to substantiate a belief that the field is becoming too large for the National and American Leagues to supply.

Since it is an established fact that organized baseball is too well fortified, financially and geographically, to make it possible for an outlaw league to intrude, it is logical that organized baseball will form a third league when the investment assumes the size of a sound business proposition.

If Boston and St. Louis are able to support two major league ball clubs, it would seem reasonable to figure that Cleveland and Detroit would be good fields for continuous

baseball, and Cincinnati, with such a good territory to draw from, might be interested in another club to divide affection with the Reds.

Baltimore has been pretending major league proportions for several years, and Kansas City is looked upon as a fertile spot for some of the big major league money that is figuring on the future.

Another "Federal League" would not go, because the sad experience of that last venture would restrain the investment of any capital in another attempt to test the strength of organized baseball.

The tremendous expense of organizing an independent league, represented in building ball parks, is nothing compared to the problem that would arise in getting the players for six or eight new clubs.

The major leagues, however, would encounter no such insurmountable obstacles as only a few new parks would be necessary and the National and American Leagues might be able to spare enough players to form the nucleus for the new clubs.

### Jack's Here

Jack the Giant Killer Dempsey arrived in New York the other day and now the fight world is sitting up and taking notice once more. Photo shows him at his first breakfast in the Big Town—on this trip.

### FIGHTS AND FIGHTERS

Fort Bragg, N. C.—Young Stripling, Georgia light-heavyweight, stopped Kid Numbers, Fort Bragg soldier champion, in the fourth round. Stripling had agreed to do it in eight rounds. It was his nineteenth straight victory.

Chicago—Mike Dundee, Rock Island flash, meets Stanley McBride in ten rounds here tonight.

St. Paul, Minn.—Funeral services for Billy Miske, St. Paul heavyweight fighter who died New Year's day after a long illness, were held at 10 a. m., today at St. Adelbert's. Requiem high mass was chanted by Rev. Peter A. Roy. Tommy Gibbons, many times Miske's ring foe, but long a great friend of Miske's was among the pallbearers.

Jacksonville, Fla.—Jack Dempsey, heavyweight champion, will go on the auction block when his boat docks here today. Delegations from Tampa and Jacksonville plan to meet and invite the champion to establish winter training quarters in their cities.

### ARLINGTON TAKES

### COUNT THIRD TIME

Athletic Club's Basketball Team is  
Defeated Thursday Night By Mos-  
cow. 43 To 34

### TAKES LEAD BUT IS HEADED

The Arlington Athletic club basketball team took the count for the third straight time this season when Moscow defeated them at the Arlington Gymnasium, Thursday evening, 43 to 34.

It looked easy for the Arlington team at the start of the game, as they had the score 8 to 0 after playing the first eleven minutes, before Moscow scored. All at once the Arlington team's defense weakened and Moscow started scoring in quick succession and could not be stopped. The first half ended 20 to 15 in Moscow's favor.

The last half Moscow kept up their fast work and when the game ended was out in front, 43 to 34. The Arlington team has not been going good the last few days due to injuries to some of the players and sickness of others.

The A. C.'s star forward, Gardner, is expected to be back in the game Thursday night, when Fairview will be their opponents. Gardner has been out of the game for the past few weeks due to injuries he received in a game. A last game is expected next Thursday night, as Fairview has been going good this season.

In the curtain raiser last night the Junior A. C.'s had the better of the Morristown National Guard team and won handily from them to the tune of 41 to 21.

## How Can You Tell Which Battery To Buy?

Here's a safe guide—buy the battery that is the first choice of those expert battery buyers—the car-builders.

Willard has always been this first choice battery. It is used today by 134 car and truck builders—93% of whom have always used Willard.

The W. R. C. Penny Social held a meeting at the home of Mrs. Clara Riddell Thursday afternoon at her home in West Fifth street. After the business meeting a splendid program was given. The hostess served a delicious two course luncheon to the twenty-eight guests present. The next meeting of the Social will be held at the home of Mrs. Margaret English February fifth.

The Elisha Arnold chapter of the D. A. R. held its December meeting at the home of Mrs. Ervella Wissing living southeast of Homer, Monday night, December 31. The meeting was in keeping with the holiday season. A pitch-in six o'clock dinner was served to the members and their

### Secret of Happiness

The greatest menace on earth to happiness is the ill health with which so many women are afflicted. The young woman is subject to pain and irregularities, the mother to the tortures of displacements with consequent pains, aches and nervousness—the middle aged woman to the uncomfortable conditions caused by this critical age. The one remedy to control these conditions and restore the system to a normal healthy condition is Lydia E. Pinkham's Vegetable Compound, which for fifty years has been restoring sick and ailing women to health and happiness. For sale by druggists everywhere.

## Tiers of Flources for New Frocks

Sketched are two graceful frocks. One, the long-sleeved model, is intended for practical wear and could be made of fine twill or charmeuse. The other is more suited to heavy satin or crepe. Both show convincingly that flources have a high place in winter fashions.

families. After dinner the usual business and program was carried out. A very interesting paper "Teumseh, Little Turtles, and Frances Slocum" was read by Mrs. Leonard Blackledge. After the program the members exchanged Christmas gifts and the men enjoyed a grab bag, the gifts being large sticks of candy. The guests departed after they had watched 1924 come in.

**Week-End At Princess**  
in "The Huntress," a delightful romantic comedy-drama which features the screen program today and Saturday at the Princess, Colleen Moore, who makes her bow as a First National star, has a role which, indeed, adds still more laurels to her enviable crown.

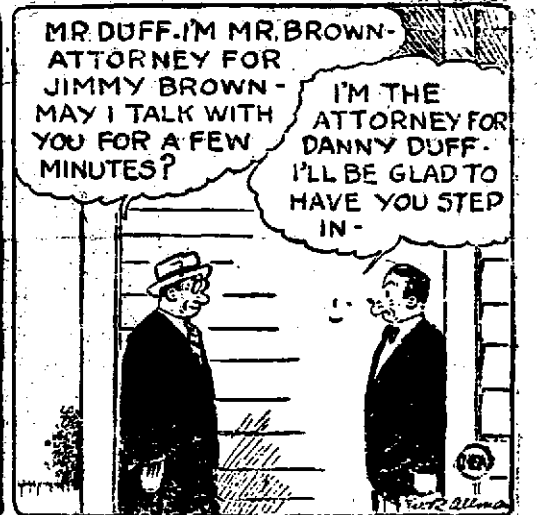

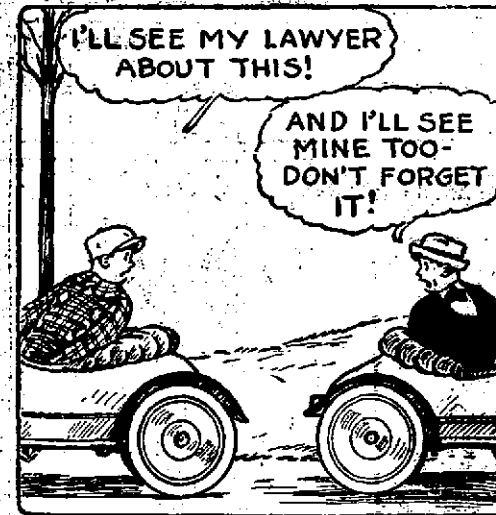

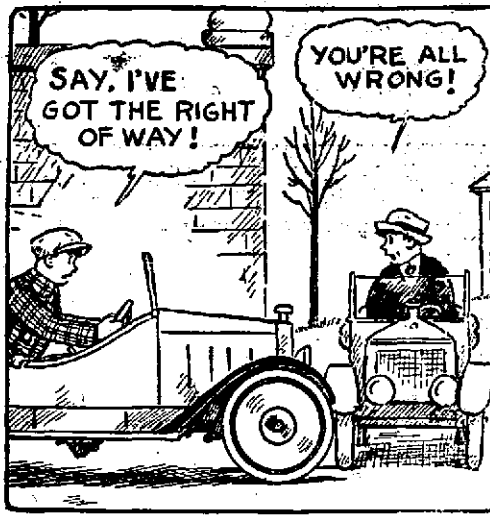

The story of "The Huntress" is that of a white girl brought up among Indians who, learning the truth of her parentage, and hoping to win a white husband, kidnaps a youthful New Yorker who had come into the Indian country in search of land.

Her efforts to win a mate are frustrated first by the young man himself who, to the girl's consternation, will not fall into her carefully laid plot, and secondly by three rough, hardy pioneers for whom the youth was acting camp cook when the girl appears on the scene.

Lloyd Hughes handles the part of the bashful young New Yorker in a pleasing manner. His role also calls for highly dramatic acting at times, the high light of which is an exciting fist fight with one of the other characters (portrayed by Walter Long). The fight is all that could be desired for realism and tensi-

# Get Ahead of the Spring Rains

Put on this quickly laid roofing now while you have the time to do it in most cases it is not necessary to remove the old roof covering

Later on you will not have the opportunity to look after your roof.

Now in the less busy season, you will be able to attend to this matter of roofs—which is very important. Any building is only as good as its roof.

In this day of high wages, the cost of laying a roof is an important item. The fact that Ford Asphalt roll roofing can be laid successfully even by the most inexperienced, has caused it to be used by thousands of farmers everywhere for their homes, barns and out buildings, not only for replacing worn out roofs but for new buildings for which it makes an ideal covering.

With this easily laid roofing it isn't even necessary in most cases to remove the old shingles. This fact permits of your

laying the new roof without exposing the interior of the building to the elements; a sudden shower has no effect upon the laying of a Ford roof.

Ford roofing is the best and most economical type of roofing whether for home, store, farm, garage or factory. High grade heavy roofing felt is used as a base. This is saturated and coated with asphalt, nature's own protective material. While the asphalt is still hot, mica, another natural product, is pressed into the outer surface making a covering that is fire resisting and impervious to melting snow and driving rain.

Once laid Ford roofing can be forgotten. Besides you have the satisfaction of knowing that your household, your crops, your cattle and your machinery are all snug and safe from the destroying action of summer's searing heat and winter's shushy cold.

Make up your mind right now to rid yourself forever of the costly annoyance of those leaky roofs. The number of rolls necessary can be quickly estimated by knowing the size of the roofs to be covered. The roofing will come to you with the nails, lap cement and complete instructions for laying—all you need in addition is a hammer and a knife.

## APPLICATIONS FOR FISH

Many Counties Already Make Bid For Stocking Public Waters

Indianapolis, Ind., Jan. 4.—Ap-plication for baby fish for stocking public waters of this state are now being filed with George N. Mann-feld, chief of the fish and game di- vision of the state conservation de- partment. Mr. Mannfeld points out that the department fills the requests in the order in which they are filed, therefore it behooves those interested to file early.

State Wardens, he says, made 464 arrests in November, resulting in 448 convictions, with fines and costs totalling \$8,882.95. Thirteen cases remain untried and there were dis-missed. This is the largest number of arrests and convictions in Indiana by game wardens in any one month. This number exceeds arrests and convictions formerly made by war-dens in an entire year. At this time there are 42 paid wardens in the service.
